

Program Overview

Welcome To
31st Annual
Meyerhoff
Scholarship
Selection
Weekend

“Not enough scientists, engineers and mathematicians are currently being educated in the U.S. ... Our society benefits from having the best brains working on the toughest problems. This means keeping students interested in STEM subjects, training more STEM-proficient teachers, producing more scientists and engineers and helping all of our citizens to be STEM-literate.”

“Lesson of a falling satellite” By Meg Urry, Special to CNN
updated 11:34 AM EST, Fri September 23, 2011

Our mission is to significantly increase the number of U.S. research scientists and engineers who go on to earn Science, Technology, Engineering, and Mathematics (STEM) Ph.D.'s in the U.S.

1. Provide the necessary academic advising, social and moral support, encouragement, and enrichment experiences that enable a diverse group of undergraduate students to succeed in STEM fields
2. Prepare students for terminal degrees in these areas
3. Prepare them to address and combat the underrepresentation in the STEM fields

- **Recruit top math and science students interested in doing research and coursework in STEM fields**
- **Consider:**
 - Performance in math and science courses
 - SAT Scores
 - High School GPA
 - References from science or math instructors
 - Prior research experience
 - Interest and commitment to research and graduate study in the sciences
 - Desire to contribute to their community
 - Motivation, Adaptability, Coachability
 - Sync with Meyerhoff mission

By The Numbers

- To date, the program has supported over 1,500 students, 281 of whom are currently undergraduates. We have graduated over 1,500 students
- 93% of Meyerhoff graduates earned science or engineering bachelor's degrees
- Graduate/Professional Programs (as of February 2019)

Graduate/Professional Program	Ph.D.	MD/Ph.D.	MS
Meyerhoff Graduate Degrees Earned	300	54	253

- 160 Ph.D. and 40 MD/Ph.D. candidates in the pipeline for 2019 defense
- UMBC has become the nation's leading predominantly white baccalaureate-origin institution for producing African American bachelor degree graduates who go on to complete Ph.D.'s in the natural sciences and engineering

Meyerhoff Scholars Program Longitudinal Study Results

"Meyerhoff Scholars are twice as likely to earn a STEM BS degree as non-Meyerhoff students of all races with similar preparation and interests in STEM"

"GPAs in science, math and engineering are higher than students with similar profiles"

(Maton, et al, 2016)

Meyerhoff Scholars Program

Longitudinal Study Results (con't)

- **Five most impactful program components:**
 - Being part of the Meyerhoff program community
 - Summer Bridge
 - Study groups
 - Summer research
 - Financial scholarship
- **Next seven components viewed favorably by Scholars:**
 - Academic advising
 - Personal counseling
 - Faculty involvement in the program
 - Family involvement in the program
 - Academic tutoring services
 - Community service
 - Cultural activities

(Maton et al., 2012)

Key Program Values

- Pursuit of research-based Ph.D.
- High expectations
- Commitment to excellence and outstanding academic achievement
- Personal and professional integrity
- Personal responsibility
- Accountability
- Group success/peer support/cohort cohesion
- Utilization of resources
- Mentoring
- Strong community commitment/Community Service
- Leadership
- Family Involvement

Meyerhoff Scholars Program

- **4 year merit scholarship “program”**
- **May only accept one UMBC merit award**

- **Scholars must comply with all program requirements and scholarship terms:**
 - **Maintain 3.0 cumulative GPA**
 - **Major in approved area of science, math, or engineering**
 - **Register for and successfully complete 12 credits per semester**
 - **Live in university-sponsored housing**
 - **Attend and participate in Meyerhoff sponsored programs/events/meetings**
 - **Complete Meyerhoff surveys**
 - **Complete a summer internship or take classes each summer**
 - **Successfully complete 6-week residential Summer Bridge program (6/8- 7/19/19)**
 - **Complete applications for summer research opportunities, graduate, and professional schools**
 - **Report changes in registration or enrollment**
 - **Report all financial aid and private scholarships**

Scholars Receive

- **Financial support**
 - Renewable scholarship support (off-campus work discouraged)
- **Academic support**
 - Ongoing monitoring, advising, and feedback
 - Knowledge and skills development
 - Assessment of and assistance in identifying strengths, weaknesses, opportunities and working through alternative plans of action
 - Assistance in identifying and applying for high quality hands-on STEM research and academic experiences
 - Assistance in identifying and preparing for graduate school
 - Mentoring relationships
 - Help students position themselves for graduate study
- **Social support**
 - A family-like social and academic support system
 - Support, encouragement, and personal counseling from peers and staff
 - Assessment of and assistance in preventing or limiting the influence of emerging academic or personal problems
 - Referrals, as appropriate

Outside Scholarships

- We strongly encourage students to apply for state and federal financial aid (FAFSA) and for outside scholarships.

- Helps **US** stretch our scholarship dollars!

- Helps **students** fill the gap between their award and tuition, fees, room, and board charges!

- Scholars may keep financial aid/outside scholarships up to budget/cost of attendance amount for educational expenses

- Refunds will be disbursed automatically

- Meyerhoff Scholarship amount may be adjusted based upon the amount of outside aid and/or funding

Free Application for Federal Student Aid (FAFSA) -- www.fafsa.ed.gov/

- 2/14/19 – UMBC Priority Deadline
- 3/1/19 – Maryland Deadline
- FAFSA Forecaster -- estimate Expected Family Contribution before officially completing the FAFSA at https://fafsa.ed.gov/spa/fafsa4c/?locale=en_US#/landing

Important!!!!

Identify and apply for external scholarship opportunities based on academic qualifications, interests, and other personal characteristics

Foundations, religious or community organizations, local/national businesses, unions, civic groups/organizations (including professional and social associations) related to field of interest, ethnicity-based organizations, student's employer, or parents' employers

Research early! Meet deadlines!
